Policy:

To protect and conserve the common Environment, including our community and our world, that is affected and/or influenced by the growth, development and survival of our business; CARDONE Industries is committed to the following Policy:

- Continued Excellence, Leadership, and Stewardship in the use of our environmental resources.
- Continuous improvement in the conservation and protection of the Environment as the responsibility of every employee.
- Meeting all government requirements in a manner that protects the Environment.
- An ultimate Corporate objective for environmental waste of Zero Discharge.

Objectives:

In recognition of our policy of Environmental conduct we pledge:

- To demonstrate Excellence by making environmental considerations a priority in our planning for all existing and new products, processes, and facilities.
- To demonstrate Leadership through communication by recognizing, documenting, and responding to our employee and community concern's about our operations and their impact on our common Environment.
- To promote the principles and practices of responsible citizenship by educating others from our experiences on the environmental effects of our products, processes and waste materials.
- To select our Suppliers with consideration for their environmental practices and policies.
- To demonstrate Stewardship, which implies Oversight and Accountability, by reporting promptly to officials, employees, customers and the community, need-to-know information on process related environmental issues and to recommend any appropriate actions.
- To drive our policy of Continual Improvement by;
- Ongoing identification, measurement, and documentation of significant environmental aspects and their impact.
- Establishing priorities and objectives and targets for the continuous improvement in the significance of those impacts.
- Conducting management reviews of auditing and monitoring results to ensure continuing effectiveness of the Environmental Management System.
